

## **Eco-Tec Chairman, Dr. Phillip (Rocky) Simmons to be inducted into the *Hall of Distinction* at the University of Toronto**

**September, 2007 Pickering, Ontario** – Dr. Phillip (Rocky) Simmons will be inducted into the Hall of Distinction at the University of Toronto recognizing his lifelong achievements in Chemical Engineering. This fall, Dr. Simmons will join an elite group of members that have all contributed to society through the study and application of various technologies or processes that have led to notoriety and reverence for Professional Engineering.

Dr. Simmons is President, CEO and Director of Eco-Tec Limited, and Chairman of Eco-Tec Inc., located in Pickering, Ontario. He is highly active in supporting and advising various institutions of higher learning, such as being seated as the Chair of the Board of Governors' of Durham College and University of Ontario Institute of Technology. He is also on the Board of

Advisors of the Chemical Engineering and Applied Chemistry Department at the University of Toronto.

### **About Eco-Tec ([www.eco-tec.com](http://www.eco-tec.com))**

Eco-Tec is an award-winning, globally recognized manufacturer of water purification, gas processing, and chemical recovery systems for industrial operations. Eco-Tec provides proven integrated technologies based on proprietary technologies that offer significant cost reduction and superior process efficiency. Eco-Tec has provided more than 1500 systems in over 52 countries, and is represented in all major markets.

### **About the Hall of Distinction at the University of Toronto ([www.engineering.utoronto.ca](http://www.engineering.utoronto.ca))**

The *Hall of Distinction* is an assembly of distinguished alumni, selected for membership by their peers on the basis of their lifelong accomplishments. Members are graduates whose performances, as they followed a wide variety of career paths, have ultimately defined what is most exemplary in graduates and in the Engineering profession. They provide role models for undergraduates about to address the ever-greater challenges of a changing world.
